

Karl

Age

35 to 44 years

Description

Karl is a 39 year old Computer Scientist who has never dated. Due to his oedipus complex, karl is looking for someone significantly older than him. He has extensive experience working with technology, and is looking for an app that will give him the ability to filter many aspects of the dating pool (age, sex, industry).

Goals

- Find an older person.
- Restrict dating pool to only people in the requested age, sex, and industry.

How can we help

- We will allow for advanced filtering on categories for each person
